

KOHR GOLF

Training Camp Level I

Training Camp Directors - Dan Moran and Jud Milam

Level 1 Training Camp Description

Our Level 1 training camp is strategically designed around the principle of utilizing "Fun" as an effective mode of learning. We recognize that cultivating a genuine love for the sport and fostering a personal drive to improve are foundational elements for long-term growth as a golfer. In collaboration with Discover Golf, our curriculum is meticulously crafted to provide a seamless blend of enjoyable games and activities. These carefully designed experiences not only allow young golfers to relish their practice sessions but also enable them to grasp essential fundamental skills organically. By ensuring that our activities are 'Boredom Proof,' we create a positive and engaging environment where mental, physical, and social skills are honed. Our goal is to instill a lifelong passion for golf while offering a professional and enriching learning experience.
